Image quality

Precise image quality

Bright and crisp screen

Maximum smart utility thanks to the monitor

Warranty

Highest investment security

Sustainability

Environmentally and socially conscious production

Save up to 30% of energy

Software and ease of use

Socially responsible production

The S2134 is produced in a socially responsible way. It is free of child labour and forced labour. Suppliers along the supply chain have been carefully selected and they have also committed themselves to produce in a socially responsible way. This applies in particular to conflict minerals. We present a detailed report about our social responsibility annually.

FOR THE SAKE OF THE EYES

Flicker free

The monitor is flicker-free at every brightness setting. This is great for users, as their eyes will not tire as quickly, allowing them to work in front of the screen for longer periods of time without fatigue.
