SPECIALISTS IN EVERY INDUSTRY

# COVER ENTIRE RANGE.

**EIZO offers monitors for a wide variety of industries and application areas. While our FlexScan monitors are particularly suited for office use, other work areas require quite different specialisations.**

<p><b>ColorEdge</b></p> <p>The EIZO ColorEdge series was developed specifically to meet the high requirements of creative users who work with photos, films and graphics. ColorEdge monitors are the specialists when it comes to colours, calibration and precision. They guarantee a consistently reproduced look to the files and make it possible to work with total colour accuracy.</p>	<p><b>Curator &amp; RadForce</b></p> <p>Curator from EIZO offers complete medical solutions for modern operating theatres. RadForce series of medical monitors meet the high requirements demanded by the fields of diagnostics and medical review.</p>
<p><b>DuraVision</b></p> <p>The durable and reliable DuraVision monitors are best-suited to 24-hour operation and are used in maritime and industrial environments, as well as security and surveillance systems.</p>	<p><b>Raptor &amp; ReVue</b></p> <p>EIZO offers the most comprehensive range of monitors, recording and streaming solutions and graphics boards for busy traffic control centres and towers, as well as training and simulation equipment for air traffic controllers. The numerous configuration options meet the requirements for any installation.</p>

connect your laptop via a USB-C cable to a monitor with
