## Software and ease of use

Software and ease of use. The monitor is easy to use and has a long lifespan. It is also dimming-free and has a wide viewing angle. The screen is bright and crisp, with a wide viewing angle. It is also highly reliable and dimming-free by reflection.

## Socially responsible production

Socially responsible production. The S2134 is produced in a socially responsible way. It is free of child labour and forced labour. The suppliers have been carefully selected and they have also committed themselves to produce in a socially responsible way. This applies in particular to conflict minerals. We present a detailed report about our social responsibility annually.
